

**Interpreting a Route Map**

**LEARN THE SKILL**

A route map can help you understand how people or groups moved from one place to another. Arrows show the direction of movement. A key tells you what the arrows represent.

**PRACTICE THE SKILL**

The route map below shows the routes that Christian missionary Paul took on four journeys. Interpret the route map and answer the questions that follow.

1. Which trip took Paul the farthest from Jerusalem?

\_\_\_\_\_

2. List in order the cities Paul visited on his second journey.

\_\_\_\_\_  
 \_\_\_\_\_

3. Which trip was Paul's shortest?

\_\_\_\_\_
